

The EL-122 Special Absentee Certificate includes an extra section (Step 4). Step 4 is used only in one uncommon situation:

- An absentee voter resides in an SVD-eligible facility that is NOT served by SVDs.
- Voter applies for an absentee ballot, *but not as an indefinitely confined voter*.
- Voter does not have acceptable photo ID on file with the clerk and does not include ID with the request.
- Because the voter resides in a facility that is SVD-eligible, the clerk sends the ballot to the voter with instructions to enclose a copy of acceptable ID with the ballot, or have the “Certification of Care Facility Authorized Representative” section completed.

When this form is used, the Clerk does **not** initial that “*voter exempt from or met POI requirement.*”

Printing a supply of the EL-122 Special is not necessary. If the situation listed above is encountered, this form can be printed from the WEC website. Clerks may trim the form and affix it to an EL-122 Standard envelope with glue or tape, or determine another method for successfully attaching the EL-122 Special form to a standard size envelope.
